Why were you tested for COVID-19?

- I was experiencing COVID-19 symptoms.
- I had no symptoms but was curious about my COVID-19 status.
- I was in close contact with someone who has been diagnosed with COVID-19.

What was the result of your test?

- No work restrictions needed. Continue to practice social distancing, good hygiene and watch for symptoms unless you test positive.
- Will you be tested? Testing is highly encouraged around day 10 after last contact.

DO NOT RETURN TO CAMPUS AND SELF-ISOLATE AT HOME UNTIL:
- 24 hours with no fever AND Symptoms have improved AND 10 days since symptoms first appeared.
  - Contact the CARES™ team to report your status and to request assistance.

Do you have symptoms of COVID-19?

- Yes
  - DO NOT RETURN TO CAMPUS AND SELF-ISOLATE AT HOME UNTIL:
    - You have self isolated for 10 days after test was collected.
    - 24 hours with no fever AND Symptoms have improved AND 10 days since symptoms first appeared.
    - Contact the CARES™ team to report your status and to request assistance.

- No
  - DO NOT RETURN TO CAMPUS AND SELF-ISOLATE AT HOME UNTIL:

**Some individuals with severe illness or are severely immunocompromised may be required to isolate for 20 days or be retested. Please follow guidance of your healthcare provider.**

**Contact the CARES Center for answers to all your COVID-19 related questions; to self report test results and symptoms; get help evaluating your situation; and receive support for your COVID-19 related academic, employment and on-campus notification needs.** There are several ways to reach the CARES Center:
- Use the MyGS mobile app
- Complete the CARES Center COVID-19 self-reporting form available through the MyGeorgiaSouthern portal under the tile titled "COVID-19 Information & Resources."
- Call 912-478-CARE (Monday through Friday, 8 a.m. to 5 p.m.)
- Email covid19support@georgiasouthern.edu

*Close contact is defined as within 6 feet for at least 15 minutes.** Positive lab test for COVID-19 that indicates recent infection or diagnosed by a healthcare provider evaluating the person are assigning a diagnosis of COVID-19 based on clinical criteria even if a test result is negative or not available.
